SAADANE AFIF

The Fairytale Recordings

29. October 2011 – 11. December 2011

The work The Fairytale Recordings by Saâdane Afif presented at the Schinkel Pavillon shows the typical mode of the artist's operation and interdisciplinary cycle of visual art, text, music and movement. Song lyrics are created in response to earlier works and – via performance and ceramic work – become sculptures, which assimilate the entire creative process in themselves.
